I have, etc.,

(24th December, 1902.)

REGULATIONS AS TO CHOLERA, YELLOW FEVER, AND PLAGUE:  
AMENDING ORDER.

(GENERAL.)

To all Port Sanitary Authorities;—

To all other Sanitary Authorities as defined in Our Order dated the 9th day of November, 1896, herein-after recited;—

To the King's Harbour Masters of Dockyard Ports;—

To all Officers of Customs;—

To all Medical Officers of Health of the Sanitary Authorities aforesaid;—

To all Masters of Ships;—

To all Pilots;—

And to all others whom it may concern.

Whereas We, the Local Government Board, by a General Order dated the 9th day of November, 1896, in the exercise of the powers conferred upon Us by the Public Health Act, 1875, the Public Health (London) Act, 1891, and the Public Health Act, 1896, and of every other power enabling Us in that behalf, made certain regulations (herein-after referred to as "the Regulations"), with a view to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for the prevention of the spread of such diseases;

And whereas by Article 25 of the Regulations it is provided as follows:—

"Art. 25.—The Master of every ship infected with Cholera, Yellow Fever, or Plague shall, when within three miles of the coast of any part of England or Wales, cause to be hoisted at the masthead, or where best seen, a large flag of yellow and black, borne quarterly, and shall keep the same displayed during the whole of the time between sunrise and sunset, and no person (other than an Officer of Customs or a person acting in the execution of this Order) shall leave such ship until after such visit of the Officer of Customs as is mentioned in Article 2, or until after the visit of the Medical Officer of Health in pursuance of Article 8."

And whereas by an Order dated the 24th day of April, 1897 (herein-after referred to as "the Gloucester Regulations"), and by another Order dated the 30th day of August, 1897 (herein-after referred to as "the Manchester Regulations"), made by Us in the exercise of the powers before referred to, We rescinded the Regulations, so far as the same related to the Ports of Gloucester and Manchester, and to ships bound thereto as therein mentioned, and made regulations with regard to those Ports respectively and to such ships, and by Article XIX. of the Gloucester Regulations, and Article XVIII. of the Manchester Regulations, with regard to the signal to be hoisted by ships bound to the Ports of Gloucester and Manchester respectively, and infected with Cholera, Yellow Fever, or Plague, made provision similar to that made by the above-cited Article 25 of the Regulations;

And whereas it is expedient that further provisions as herein-after mentioned should be made with respect to the signals to be hoisted by the Master of every ship infected with Cholera, Yellow Fever, or Plague, and the Board of Trade have signified their consent in the matter:

Now therefore, in pursuance of the powers conferred upon Us by the Acts aforesaid, and of every power enabling Us in that behalf, We do, by this Our Order, make the following regulations, and We declare that the same shall be duly enforced and executed:—

ARTICLE I.—The Regulations shall apply and have effect as if for Article 25 of the Regulations the following Article were substituted, that is to say:—

“Art. 25. The Master of every ship infected with Cholera, Yellow Fever, or Plague shall, when the ship is within three miles of the coast of any part of England or Wales, or is within the limits of a Port, cause to be hoisted—

“(i.) At the masthead or where it can be best seen, during the whole of the time between sunrise and sunset, a day signal, consisting of a large flag of yellow and black borne quarterly; or

ARTICLE II.—The Gloucester Regulations shall apply and have effect as if for Article XIX. of the Gloucester Regulations the following Article were substituted, that is to say:—

“(i.) At the masthead or where it can be best seen, during the whole of the time between sunrise and sunset, a day signal, consisting of a large flag of yellow and black borne quarterly; or

“(ii.) At the peak or other conspicuous place where it can be best seen, and at a height of not less than twenty feet above the hull of the ship, during the whole of the time between sunset and sunrise, a night signal, consisting of three lights, which shall be arranged, at a distance of not less than six feet apart, in the form of an equilateral triangle, and of which the light at the apex of the triangle shall be white, and the other lights at the ends of the base of the triangle shall be red in colour.

“No person (other than the Officer of Customs or a person acting in the execution of this Order) shall leave the aforesaid ship until after such visit of the Officer of Customs as is mentioned in Article II., or in Article III., or until after the visit of the Medical Officer of Health of the Bristol Port Sanitary Authority, or of the Medical Officer of Health of the Gloucester Port Sanitary Authority, in pursuance of Article IV.”

"No person (other than an Officer of Customs or a person acting in the execution of this Order) shall leave the aforesaid ship until after such visit of the Officer of Customs as is mentioned in Article II., or until after the visit of the Medical Officer of Health of the Liverpool Port Sanitary Authority or of the Medical Officer of Health of the Manchester Port Sanitary Authority in pursuance of Article III."

The minutes of the last meeting were read by the Chairman and after some discussion it was decided to add at the end of the second paragraph the words—"The Board were in favour of the contract being given to Lim Cheong."

A letter from Mr. Q. McClymont to the Chairman asking why the contract had not been given to Lim Cheong was next discussed. The Chairman stated that he understood that the Board had left the final decision in his hands as in former years; that he had sent for Lim Cheong and had also seen Phang Heng, and that as the Chinese, who were the principal purchasers of pork, appeared to be in favour of Phang Heng, whose tender in respect of the monthly payment was the same as in the case of Lim Cheong, he had informed Phang Heng that his tender would be accepted.

The Chairman next informed the Board that a complaint had been made against Phang Heng and that he was charged with selling pork unfit for human food. He added that he had instructed the Health Officer to prosecute and that should the charge be proved he recommended that the contract be cancelled. On being put to the meeting the Board unanimously adopted this suggestion and expressed the opinion that should the charge be proved against Phang Heng the contract should be given to Lim Cheong.

The Harbour Master, together with Mr. Q. McClymont and the Apothecary, were next appointed as a Sub-committee to revise the valuation put upon the houses within the Sanitary Board area for the purpose of assessment.

Mr. J. McClymont next commented on the state of the town and proposed that Mr. P'Chiant, the Apothecary, should be appointed Inspector under the Board; the Harbour Master supported the proposal, which was met with general acceptance by the Board.

The meeting then adjourned.
